

# ROYAL RANGERS®

NATIONAL MINISTRIES

*Mentoring Future Men since 1962*

**Karl S. Fleig**  
National Director

Dear New Leader,

Welcome to the ranks of Royal Rangers leadership! You are joining a community of men and women who understand the value of raising the next generation of godly men and who are committed to leading boys on an adventure, full of exciting new experiences. This adventure you will soon find is not just for the boys. Your life is about to take an exhilarating new direction as you, too, will discover an adventure God has prepared for you!

**As a Royal Rangers leader**, you have a great opportunity to help influence the direction and quality of the Royal Rangers ministry in your local church. You have a responsibility to come alongside your pastor and help him/her fulfill the vision God has given him. We have worked hard to make Rangers customizable so that it fits into every local church. Work with your pastor to make this ministry a seamless part of your local church, flowing with your pastor's vision by being the greatest blessing to him and your church family.

**As a Royal Rangers leader**, you have a great opportunity to help boys discover and experience the exciting journey of becoming who God created them to be. God has a plan and purpose for every boy's life. Each week you will help boys to discover the following:

- More about God, what His Word says to them, and how they can count on Him to guide and direct them
- New skills and abilities to give them confidence that they have what it takes to be a man who can do all things through Christ
- Leadership skills to assist them in fulfilling the plans and life God has designed for them

**As a Royal Rangers leader**, you have a great opportunity to allow the Holy Spirit to use you to minister to the boys, families, and leadership of your church. You are not just filling a slot; you are positioning yourself to minister as God created you to. (See Ephesians 2:10 and 4:12.)

We have prepared this orientation and the *Leader Manual* to assist you in becoming the best leader you can be for God, your church, and the boys to whom you minister. With well over 50 years of research and development, the Rangers process is flexible, customizable, and effective at helping you know how to reach more boys than ever!

Finally, **as a Royal Rangers leader**, I want you to know and remember you are not alone! You are part of a worldwide community of leaders who share the same mission as you. Rangers leaders are everywhere. We face the same joys and challenges. We are here to encourage you, pray with you, and walk with you. If you need help, don't know how to do something, or have a problem, then please ask! Leaders are learners! As iron sharpens iron so one man does another! (Proverbs 27:17) We don't do this alone!

**Thank you** for stepping up for the boys, your church, and yourself! Life is an adventure, and your adventure is waiting!
